

HotFix KB216343 - Employee Group Out Of Adherence by Day of Month, and by Day of Week showing incorrect adherence %

PROBLEM

This hotfix addresses three issues in the Employee Group Out Of Adherence reports.

1. When running this report *by Day of Month*, the total adherence percentage reports 100% incorrectly.
2. When running this report *by Day of Week* for a period of more than one week, the adherence numbers added incorrectly resulting in adherence values potentially over 100%.
3. The column headers for *in adherence* and *out of adherence* were reversed.

RESOLUTION

This hotfix is to be installed onto Version 6.0.3.0.

1. Download the attached **KB216343.EXE** file to the enterprise server.
2. Double-click the **KB216343.EXE** file and follow the on-screen prompts.

NOTE: Installing this hotfix will restart the prairieFyre services. In order to avoid service interruption we recommend applying the update after hours, or during a scheduled maintenance window.

APPLIES TO

6.0.3.0
