

When one party leaves a three-way conference, Extension State by Position will show remaining parties as Idle.

PROBLEM

When one party drops out of a three-way conference, the remaining parties will show in an Extensions State by Position monitor as Idle when they are still talking to each other.

RESOLUTION

This issue will be resolved in our Atlantic release.

Internal Reference Number (TFS) 106013

APPLIES TO

6.0.2

Keywords: 106013 extension state by position monitor conference idle
