

	e s																								
IE 8	Y e e s s (u p to 7. 1. 0. 1 o n l y)																								
IE 9	Y e s s																								
IE 10	Y e s s																								
IE 11	N o e s																								
Edge	N o e s																								

NOTE: With MiCC Version 7.1 and newer we recommend using IE10 or newer. Older versions will work for the most part, but some controls are affected. An example of this is the manual EMail Address field under report distribution being a non-editable field. For sites using Multimedia or the Ignite client we recommend IE11 for best performance and compatibility.
