

HotFix KB176785 - Softphone Hot desking agent does not remain active through a combined PBX and SRC failure.

PROBLEM

Hot desking agents using softphone were dropping their connections during a combined PBX and SRC failure, instead remaining resilient.

RESOLUTION

This hotfix is to be applied on top of version 6.0.3.0.

1. Download the attached **KB176785.EXE** to the Enterprise Server.
2. Double-click the attached **KB176785.EXE** and follow the on-screen prompts.

NOTE: Installing this hotfix will restart the prairieFyre services. In order to avoid service interruption, we recommend installing this patch after hours, or during a scheduled maintenance window.

APPLIES TO

6.0.3.0
