

Extension State by Position monitor does not display Nickname on Card

PROBLEM

When creating a custom Card design for the Extension State by Position monitor, the Nickname field can be added, but will not populate in realtime.

RESOLUTION

This issue will be resolved in our upcoming Atlantic release.

Internal Reference Number (TFS) 105630

APPLIES TO

6.0.2

Keywords: extension state by position monitor card design nickname 105630
